Patricia Rolfe
Director

Approved by the board on 22 November 2022

Oportunitas Limited
Notes to the Accounts
for the year ended 31 March 2022

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention, as modified to include investment properties at fair value, and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

The accounts are prepared in sterling, which is the functional currency of the company. Monetary amounts in these accounts are rounded to the nearest £.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts

Investments

Investment property, which is property held to earn rental income and capital appreciation, is included at cost. Assets in the course of construction are included at cost.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference. No current tax liability is recognised in the current or prior year but a deferred tax liability is accrued in respect of investment property revaluations.

Provisions

Provisions (ie liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably. The provision carried in the current and prior year account is in respect of deferred tax on property revaluations.

The investment properties were valued at 31 March 2022 by Taylor Riley, Chartered Surveyors, an independent valuer with a recognised and relevant professional qualification and with recent experience in the location and category of the investment properties being valued. The investment properties have been valued on the basis of open market value and using comparable property data, in accordance with the current RICS Valuation Standards by the Royal Institution of Chartered Surveyors.

In 2020 the company entered into a contract with a property developer to purchase residential accommodation on the site of the former Royal Victoria Hospital, Folkestone. The contracts became unconditional upon receipt of planning permission. Phase A was completed in the year and transferred to investment properties and Phase B is included under 'Assets under construction'.
