**This bulletin presents the 2024 Mid-year population estimates at ward level for Kent as published by the Office for National Statistics (ONS) on 7 November 2025.**

## Headlines

- The Kent ward with the highest population is Barton ward in Canterbury. The ward population of 14,610 people accounts for 9.0% of the district’s population.
- Eynsford ward in the Sevenoaks district has the lowest population in Kent (1,880 people). The population density is 1.2 people per hectare.
- Maidstone has the largest district population in Kent with 187,800 people. Gravesham has the smallest population with 110,700 people.
- Dartford has the highest population density with 17.2 people per hectare whereas Ashford has the lowest population density with 2.43 people per hectare.
- Ashford district has the largest number of wards in Kent, with a total of 39.
- Six of Kent’s districts have a higher population density than Kent (4.6 people per hectare).
- Kent has a slightly higher population density than England (4.5) though lower than the South East (5.1).

## Introduction

Mid-year population estimates, or MYPE are produced by the Office for National Statistics (ONS) and are derived from a census population count and each year are rolled forward (people aged by one year) allowing for changes recorded for births, deaths and migration. Additional allowances are made to model the transient population such as students and personnel from the armed forces. This modelling process provides fairly robust data for larger areas of geography but the margin for error is larger for small areas, which is why these ward level MYPE are classed as ‘experimental statistics’.

### Note on the data

It is ONS policy to present all estimates rounded to the nearest hundred at district level and above, and to the nearest ten at ward level. Within this bulletin all mid-year estimates have been individually rounded and therefore may not sum.

The data in this bulletin will be updated after the 2025 mid-year population estimates are released.

### Analysis

Tables are presented for each of Kent’s 12 districts and Medway Unitary Authority. Single year of age is banded into three age groups; 0-15, 16-64 and 65+. Comparisons are made to regional and national figures. The area of each Kent ward in hectares (Ha) and each ward’s population density (people per hectare) are also given.

## Ashford

Area	Total population	Total Aged 0-15	Total Aged 16-64	Total Aged 65+	Total Male	Total Female	Area (Ha)	Density
