VII.2) Information about modifications

VII.2.1) Description of the modifications

Variation 003 extends Contract_15336 for the Strategic Intelligence, Surveillance and Reconnaissance (ISR) Special Missions Aircraft Managed Service by four months, from 1 December 2026 to 31 March 2027, at an additional value of £9,903,292 excluding VAT. The extension is on existing contractual terms with no other changes to the Contract Terms and Conditions. Earlier variations comprised Variation 001, with no cost implication, and Variation 002, an extension with an additional value of £25,233,590.25.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The modification is required to maintain continuity of the existing Strategic Intelligence, Surveillance and Reconnaissance operational service following a legal challenge to the procurement of the replacement service, which resulted in suspension of contract award and delay to the planned mobilisation. The Authority could not reasonably have foreseen the particular legal challenge, its suspensive effect or the resulting delay when the existing contract was awarded. The modification provides a time-limited four-month continuation of the existing service from 1 December 2026 to 31 March 2027 and does not alter the overall nature of the contract.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications and price adaptions and, in the case of Directive 2014/23/EU, average inflation in the Member State concerned)

Value excluding VAT: 59 004 948.15 Currency: GBP

Total contract value after the modifications
